

Dear Colleague:

Are rising health care costs at the top of your business concerns?

Does your workload prevent you from doing more than simply accepting the increase or shifting costs to your employees?

As Executive Vice President and Senior Human Resources Offices for CO-OP Network and Service Centers Corporation, my job concentrated on both our workforce and our bottom line. The bottom line is that the ClaimTamer and HealthHammer wellness systems have returned at least 162% of our investment by reducing our medical costs.

Wellco provides unprecedented, award-winning corporate wellness programs by integrating national best practices, actionable metrics and employee health accountability.

I highly recommend that you contact Wellco now at 248.549.4247 and ask how they can do the same for you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Toby Stein", is written over a light blue circular watermark that contains the text "Service Centers Corporation".
